Optional Products On A Supreme Conversion

Custom Toter Conversions

At Precision Truck Products, Inc., we pride ourselves in the ability to custom build and fit toter conversions to virtually any make or model of class 7 & 8 trucks.

With a family of 12 different Power Hitches, a variety of utility bed options and the quickest, most durable power extending mirrors the market has to offer, Precision Truck Products, Inc. is your #1 choice for quality built toters.

**Outfitting a truck
to our
customer's liking
is job #1!**

"I have used several types of hitches in the past and now my toter is equipped with a Precision 6-Way High Tower Hitch and the performance surpasses every other hitch in the country! The KF Hitch has allowed me to perform manufactured home installations that would have been extremely time consuming otherwise. Having your hitch on my toter has saved my company a great deal of money in time (which is labor on the clock for my crew) and expenses (less use of wreckers, rollers and bridging).

I can't find enough great things to say about your hitch. I wouldn't try to operate in the manufactured home installation business again without one."

Toter Insurance

Mobile Home Toter, Dealers, Service & Escort

General Liability coverage protects you if you become liable as a result of your negligence. Defense of such a claim is also covered.

Contractor's Liability provides coverage for any negligent act caused by a sub-contractor while in the course of performing duties for you. It provides protection in excess to the sub-contractor's insurance.

Auto Liability protects you against financial loss due to legal liability for automobile-related injuries to others or damage to their property.

Physical Damage covers the actual vehicle damage caused by such perils as collision, fire, theft or wind-storm.

Cargo pays for transit charges, damaged manufactured homes, cleanup and disposal.

State & ICC Filings these will be made for you by our agency as part of your coverage.

Workmen's Compensation covers claims against you by an employee that arise from "workplace" accident, injury or disease. The accident could occur at your workplace or any other location while the employee is working for you. Workmen's Compensation claims often arise due to an automobile accident involving an employee while escorting, driving a toter or service truck or while riding in a company vehicle. Workmen's Compensation Insurance is often called "no fault insurance", as the employee does not have to be negligent or at fault at the time of the accident for the coverage to be allowed. We offer Workmen's Compensation coverage up to \$1,000,000 per accident.
